Audio-Visual Systems Life Cycle for Learning Spaces Workshop
February 10, 2015, 9AM-5PM
*Separate Registration Required

Join Harman Professional at this special workshop series where you will learn:

- Popular higher education learning trends, and how Audio Visual Technologies support collaboration.
  - How to approach Audio-Visual System design from concept to commissioning.
  - How to support and manage your audio-visual systems via the network
  - Includes hands on equipment and software training from AMX, BSS, AKG, and JBL.
